2024 OPEN HOUSE

Friday June 21st 10:00-16:00

Saturday June 22nd 10:00-16:00

We are holding an Open House Event and invite you all to our premises on either or both of these days. There will be a **LARGE SALE** across all scales and we are delighted to announce that new senior personnel from both LGB/Marklin in Germany and Hobbyco will be in attendance on both days showcasing some of the new LGB items. Take this opportunity to discuss anything LGB related during this visit.

Light refreshments and plenty of car parking will be provided.

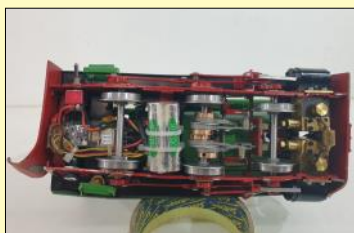

Please ensure you contact us to book your place for this event now!

CUSTOM MADE TRACK & POINT WORK

We offer a range of hand made Trackwork in 32mm, 45mm, and 63.5mm gauges. Constructed in either Peco code 250 or LGB code 332 rail. The range of Points, in radii not offered by other manufacturers, gives our customers a greatly increased choice in determining their track layout.

The track features hardwood sleepers, saturated in preservative, to which the rail is fixed using staples and solder. The resulting structure is strong, employs no non-conductive rail sections, i.e. frogs, and will give many years of trouble free service in the great British climate.

As well as our standard range of GRS track-work we can also make bespoke items for those difficult situations, Curved turnouts, Slips-double or single, Crossovers, in fact just about anything that is geometrically possible - see our website for full details or ring and ask us to give you a quote.
